

1. Friend

I'm now getting stronger
Picking myself up again
Where before I struggle
To find an end to the pain.

I'm looking around me
To see who is there
I know I have a friend
Lord Jesus is His Name.

2. Winter

Let winter be like spring bringing hope
Like autumn of falling orange leaves
Like summer of singing birds that hop
Let winter be of me worshipping Yah, heaps!

3. A Rose

Out of love a man, he came
A Rose, a rose he hath given
Received with love and joy
Such lovely act, rejoice! Rejoice!

4. A Prayer

Lord Jesus, rule over myself today
Let me not distracted in any way
Fill me with the Holy Spirit Your way
And with courage help me follow your say.
